## **1. Introduction**

- 1.1. London Churchill College (LCC) aims to inspire students by connecting them to information and supporting them in meeting their learning and research needs;
- 1.2. This Guide is applicable to all students and staff members using the services of the Learning Resource Centre (LRC);
- 1.3. The College aims to provide students and staff with clear well-articulated information on the learning resources available, how to access them and use them effectively.

## **2. What We Offer**

- 2.1. The College provides an LRC on every campus. Each LRC is fully equipped and has a quiet, comfortable space for students to work. Several computers are available at each site with intranet and internet access. The College offers the digital library services (e.g., JSTOR) that students can access through the Student Portal;
- 2.2. LCC ensures that students have access to the latest textbooks and other hard copy materials relevant to their studies. The core focus of our learning resources strategy and provision rests in our present Virtual Learning Environment (VLE) and our plans for further development. All students and staff members have access to our VLE, which provides valuable information regarding every Unit delivered in the College. On our VLE are lecture notes, assignment briefings and any additional material that lecturers provide in respect of the Units delivered. In addition, students can access the College's VLE off-campus, providing you have the proper log-in details. The Learning Resources and IT Guide for Library Services, attached as an appendix, guides you on how to do this;
- 2.3. LCC ensures that LRC staff members are always available during open times to help you develop the skills required to find the information needed to complete your assignments or to further your own personal development. In addition, they can help you to learn how to reference the information you have found. We can also recommend local libraries for you to use and suggest other places to go to find the information you need, or perhaps to visit a site closer to home. Just ask one of our LRC staff members for details.

## **3. Expectations of Students**

- 3.1. In the interest of safety and security, all students using the LRC facilities must wear their College ID card;
- 3.2. LRC's resources must be used only in accordance with appropriate licensing and legislative provisions, library circulation procedures and borrowing limits. Use includes the copying, storing, amending and transmission of information;
- 3.3. The College recognises its duty of care to students and its responsibility to comply with the Prevent Duty guide. It is therefore forbidden for staff and students to use the IT systems for the instigation, promotion or planning or execution of violent or non-violent extremism, radicalisation or terrorism in the name of ideology or belief or any other reason.

- 3.4. The College facilitate your opportunities to study in a quiet, secure area. Therefore, we ask that you respect other students and refrain from making undue noise in the library;
- 3.5. LCC recognises that different cultures have different approaches to food and manners and that some foods may be offensive to others, particularly in respect of smells and or materials left on study tables. Therefore, we ask that you refrain from eating or drinking in our LRCs, or when you are working on one of the College's computers;
- 3.6. We purchase books and other hardcopy materials that can accommodate the interests of all our students. Therefore, we ask that you refrain from damaging any of our materials or taking materials from our LRC without checking them out first. Failure to do so may result in action being taken against you in accordance with the Student Code of Conduct and Disciplinary Procedure, with penalties including suspension from the LRC and the withdrawal of permission to access our VLE;
- 3.7. Students must ensure that they do not act in a way that infringes copyright or intellectual property laws. Action will be taken under the Student Code of Conduct and Disciplinary Procedure against students who do so.

## Library Service

1. A membership is required to hire out books or any study materials from the library. Registration for membership is free but will require a £10 deposit, that will be refunded to the student once their programme is successfully completed. Damage or loss of any of the study materials may result in the student forfeiting the £10 deposit.
2. Deposit can be reclaimed after the completion of the programme or when the student leaves the course, should this occur before completion.
3. Members can borrow up to 2 materials for 1 week.
4. There will be a charge of 10p per day for materials exceeding the return date.
5. Depending on the availability of resources, members can renew the borrowing before the return date expires.

## Digital Library Service

All the College’s students have access to third-party digital library services such as JSTOR, BIBLIU. The access link is provided in both Moodle and Student Portal.

## Printing, Photocopying, or Scanning

Photocopying : Simply touch your ID card on the panel of the photocopier and follow the on-screen instruction.

Printing: For printing log in to any computer with your ID and send the print command of the document you wish. Then touch the photocopier panel with your ID card.

## **Copyright**

- 4.1. The College's photocopying services are offered in accordance with the provisions of the Copyright, Designs and Patents Act 1988. Each user must personally comply with the law. All photocopies made in excess of the limits can be confiscated;
- 4.2. Minor acts of copying are permitted for teaching purposes, as long as the use is considered fair and reasonable. An example of fair use would be a teacher displaying webpages or quotes on a projector without the need to seek additional permissions. This copyright exception for education can be used to copy up to 5% of a work in any 12-month period across the College.
- 4.3. There are four factors to consider when determining whether your use is a fair one.
  1. The purpose and character of the use, including whether such use is of a commercial nature or is for non-profit educational purposes;
  2. The nature of the copyrighted work;
  3. The amount and substantially of the portion used in relation to the copyrighted work as a whole; and
  4. The effect of the use upon the potential market for or value of the copyrighted work.

## **Topping-Up**

Printing & photocopying costs 5p a page. Everyone starts off with £1 credit already on their ID card. You can top up your printing credit on your Student Portal account.

Top-up credit should be used before the programme completion date. Any remaining balance must be claimed within three months of the course completion date or date of course withdrawal/termination.

## **Scanning**

Please ask the librarian. Students are only allowed to scan medical documents for attendance or for mitigating circumstances.

## **Important**

**Students are strongly advised to keep a back-up of all their work on a storage device or online facility.**
